

Dear FCC: I wish to express my concern over the possibility of the FM broadcasting which would affect my KLOVE station. Over the course of the last 4 years this station has been a saving grace for myself during a very difficult time in my life. It called & ministered to me where no other person could affect me. This is the ONLY station I listen to & financially support..this has allowed me to give back financially and with my time in my local community, food & home shelters, adopting needy families and so on. I daily try to expand the listeners of Klove through my day to day contacts and to continue to serve in my community. Thank you
for your time and consideration of my comment. Sincerley, Carmen
Cervantes, loyal listener & supporter of KLOVE>
